WMH to Host FREE Lecture in honor of American Heart Month

Doctor Waleed H. Doghmi to speak on lowering the risk of heart disease

Sault Ste. Marie, MI – In recognition of February being American Heart Month, War Memorial Hospital and McLaren Northern Michigan invite the community to come to a free heart health presentation on Wednesday, February 3 from 7-8 p.m. at the Bayliss Public Library in Sault Ste. Marie, MI.

Waleed H. Doghmi, MD, FACC, FACP, cardiologist with McLaren Northern Michigan, and War Memorial Hospital, will provide expert knowledge on what you can do to lower your risk of heart disease. In addition to his presentation, he will hold a question and answer session.

“I encourage the public to attend and ask questions they have on heart disease,” stated Dr. Doghmi.

“Whether it’s a question on blood pressure, heart medications, or cholesterol, I want to help alleviate any concerns they have regarding their heart.”

For more information on War Memorial Hospital and the services they offer, please contact the Community Relations Department at 906-635-4351 or visit the WMH website at
